

Manufacturing Maintenance Position

Dover Chemical Corporation, 3000 Sheffield Ave. Hammond Indiana, 66327, is looking for experienced Industrial Maintenance Mechanics to join our team. Must have a solid work history and be flexible to work 8 hour rotating shifts, weekends, holidays, and overtime.

These maintenance positions are responsible for maintaining and improving various pieces of manufacturing equipment, vessels and piping. Dover manufactures chemical additives shipped in drums, sacks, RR cars, and tank cars for the plastics, rubber, drilling, and metalworking for both domestic and international customers.

- **Manufacturing maintenance experience a must.**
- \$31.96/hour to start, raises available after completion of testing, with annual incremental raises per labor agreement.
- 5+ years proven industrial maintenance experience is preferred.
- High school graduate required, technical school education preferred. Chemical industry experience preferred.
- Proficiency reading drawings, manuals, measuring/installing pipe, pumps, valves, meters, gear boxes, and general equipment installation, repair or replacement.
- Must have analytical skills, proven ability to trouble shoot and multi-task in a fast-paced working environment.
- Must be able to lift or move up to 80 lb occasionally and 50 lb frequently.
- Must pass pre-employment test, pre-employment physical, drug screen, and background check.

COMPETITIVE BENEFITS INCLUDING:

- Medical, prescription, dental
- Company paid life insurance
- 11 paid holidays
- 401(k) Employee Savings Plan through *Fidelity* –which you can participate in when eligible.
 - a. You can enroll and start contributing to the 401(k) plan in the first month after you are hired.
 - b. You will be eligible for the Company matching funds (100% of the first 3% you contribute and 50% of the next 2% you contribute) on the first day of the quarter *after* you have completed three (3) months of service.
